ACHIEVEMENTS

ACADEMIC TOPPER

Recognized as the academic
topper for the year 2023-2024

PROFILE

I am passionate Computer Science student, seeking for internship opportunities to derive my technical skills and to apply theoretical knowledge in practical to grow professionally in the tech industry. Eager to apply programming skills and contribute to innovative projects.

PROJECTS

Career Guidance portal

- Developed a comprehensive Career Guidance portal designed to assist students to navigating their career paths. Implemented some features such as skills assessment, interest test, personalized recommendations, industry insights, and job search tools.
- It is implemented by using Java programming, HTML/CSS for front-end development, and Node.js for server-side functionality. Integrated MongoDB for data storage and personalized recommendations.

Portfolio Website

- Developed a dynamic portfolio website showcasing my projects, skills, and achievements using HTML, CSS, JavaScript, and Bootstrap for responsive design. Integrated a contact form for inquiries.

Weather Forecast

- Developed a location-based weather forecast portal using the OpenWeatherMap API for real-time weather data retrieval. Implemented location search functionality to provide accurate forecasts for user-specified locations.

INTERNSHIPS

Web Development

May 2023 - June -2023

- I did internship at SOFTWARE SOLUTIONS AND SERVICES, Patna during the training I gained hands-on experience in front-end and back-end technologies such as HTML, CSS, JavaScript, Node.js, and MongoDB. Collaborated with a team to design and implement responsive and interactive web applications.

App Development

Dec 2023 - Jan 2024

- Completed app development internship at SANITY TECHNOLOGIES, Patna. I gained experience in building user-friendly mobile applications using Java/Kotlin or Swift and acquired practical skills in UI/UX design and backend integration.
